Dear

Securing a better future for your family by making the hard decisions and getting things done

I am proud to have been elected in 2008 as your local MP. I have been working hard as your strong voice in Parliament and I fully understand how important good government is.

The Western Australian economy is worth around \$217 billion and accounts for 46% of all of Australian exports, with strong mining, petroleum, agriculture and tourism industries. This is a critical time in our State's development, with \$167 billion worth of major projects under construction or committed.

Colin Barnett is a leader who can make the difficult decisions, not always the most popular decisions, but the decisions we need to get things done. Over the last four years, he and his Ministers have led us through the global financial crisis; through the uncertainty of the Federal Labor-Green Government's misguided Mining Tax, and we continue to fight hard for our State's fair share of GST revenue to fund essential services.

Despite these challenges, a great deal has been achieved and even more is happening right now. I'm proud that with Colin Barnett and the community's support, we have been able to:

- Allocate \$250,000 to start planning for extra lanes to widen Shelley Bridge and for a pedestrian/cycleway over the bridge.
- Provide \$96 million for Willetton Senior High School for a total rebuild and for specific facilities for the Year 7s to move to high school in 2015.
- Provide \$27.5 million for Rossmoyne Senior High School to complete its Stage 2 redevelopment and for specific facilities for the Year 7s to move to high school in 2015.
- Reinstate the popular 205 bus service for local seniors, and install flashing LED 40km/h lights at six local schools so far to help protect the safety of our students.

As we approach the State Election on Saturday 9 March 2013, I look forward to sharing with you Colin Barnett and the Liberals' plans for our State and most importantly, my plans for our local area to ensure the best opportunities for the families who live here.

Please do not hesitate to contact me to discuss any issues that are important to you.

Yours sincerely
